Gerdes Discusses Her Volleyball Career Milestone

BY FAITH COULTAS
Staff Writer

A Medicine Lodge Volleyball senior has achieved a goal that not many high school players have ever achieved: 2000 assists. Emmy Gerdes reached this milestone at the Southwestern Heights Volleyball Tournament during her final season playing for Medicine Lodge Volleyball.

"It feels awesome, immediately my coach came up to me and was like 'never in all of my years of coaching has this happened' so it is just awesome and I never would have been able to do this without my hitters. It just feels really good, it just shows how well me and my team work together and it shows the bond that we have," Gerdes said about achieving this milestone.

Gerdes fell in love with volleyball at a young age after watching the older girls play and she began

her volleyball career in the second grade through the rec center.

"When I was little, I looked up to all the high school girls, I was just in awe of them and that was just what I always wanted to do and in second grade when the rec volleyball opened up I immediately knew I wanted to play," Gerdes said.

Gerdes has played volleyball for her coach, Megan Inslee, for several years, first beginning on the club team Inslee started with her own daughter.

"Emmy is a four year starter for us, she has been a four year setter and she has played volleyball for me for a very long time. She started playing for me in a club team I had started with my daughter and when she moved here freshman year she became one of our varsity setters," Inslee said about Gerdes and her position on the team.

Gerdes is the setter for the

Medicine Lodge volleyball team, meaning she receives the pass and makes sure to get the ball into a good position to ensure the hitters are able to make a good play. In her position as setter, Gerdes takes the ball and she knows what hitter she has in the front row. She then has to decide who gets the ball or if she herself is going to attack the ball. She has earned the team several points over the course of her career by taking her set over the net on her first attempt, something she has been able to perfect over her years disguising her play well and executing it right away.

Gerdes has been an instrumental part of helping to build up the volleyball program since she became a part of the team her freshman year of high school and has fond memories of the team and playing here in Medicine Lodge.

"(My favorite part of playing for Medicine Lodge) is definitely the atmosphere and the environment.

Whenever I came in as a freshman we were nothing pretty much and the last couple of years we have built up the program and it's just awesome to see the success, not only of myself but every other player on the court. It feels great having a big crowd every game day, it just feels awesome," Gerdes said.

Inslee is grateful for Gerdes and the time she has dedicated to the team on and off the court.

"She has an incredible jumping ability so it gives her versatility at the net when she's in the front row so she's just as likely to kill the ball in the front row as she is to set the ball which makes her a good weapon for us to have," Inslee said, "She is a great leader. She has definitely been a leader not just this year as a senior but she was a pretty good leader last year for us as a junior.

"She leads not only verbally on the court but also by example,

there's no ball she's not going to get to or try to get to and she really leads our team in the ability to pursue everything."

Inslee is incredibly proud of the person and player Gerdes has become and is extremely happy for her reaching this milestone, something she says Gerdes deserves.

"I love it (this milestone) for her. It is a great honor and it's something she deserves and has worked hard for. There aren't many high school setters who have reached this milestone of 2000 and for her to do this says a lot about her, her work ethic and just her love for the game," Inslee said.

The team is preparing for the rest of the season coming up and they have been working hard to continue doing what they do best on the court. Inslee looks forward to watching Gerdes finish out the

Campaign to Help Five-County Area With Dilapidated Homes

PRESS RELEASE

Barber, Kingman, Harper, Comanche and Kiowa counties will benefit from a regional effort to remove dilapidated homes and make room for new housing.

The Rebuild Our Block campaign aims to remove at least 50 dilapidated homes and help get construction underway on at least 30 new homes across the five counties. Supported in part by a 2026 Patterson Family Foundation grant, the effort directs private funding toward housing and infrastructure needs in rural Kansas, without requiring additional taxpayer dollars.

"We hear from employers who need workers, families looking for a place to live and communities with very few homes available," said Julie Lyon, Kiowa County economic development

director. "At the same time, some properties have become too deteriorated to be repaired. The Rebuild Our Block campaign gives us a way to address those properties and create opportunities for new homes."

Lyon wrote the grant proposal to help grow the tax base and improve infrastructure across South Central Kansas. Kiowa County Economic Development will administer the funding with local and regional partners, drawing on its experience receiving and administering hundreds of thousands of dollars in grants over the past several years.

Rebuild Our Block connects residents, property owners, builders and investors with ways to participate. Removing a dilapidated structure can address

safety concerns and return a vacant lot to productive use – but demolition alone does not create housing. Investors also need a practical path to rebuild.

The campaign includes investor incentives to help with costs that can make a project difficult to move forward, including title work and surveying. Its Investor Infill Incentive helps support local infrastructure for new housing, such as water, sewer and utility connections. Investors can also get additional support identifying other grant opportunities and programs that may benefit their projects.

Lyon, who currently chairs the Kingman County Commission, said the project is about more than removing deteriorated houses. It's about making properties productive again

and creating opportunities for private investment.

"As a county commissioner, I care about the strength of our tax base and making sure taxpayers see lasting value from the resources invested in our communities," Lyon said. "By eliminating blight, helping investors with project costs and supporting the infrastructure needed for infill housing, we can improve the housing stock, attract private investment and return properties to productive use. That is real economic development."

Residents who know of a home that may need to be torn down can submit a nomination. Property owners, builders, investors and others interested in participating can learn more or print applications at rebuildourblock.com.

Bee Activity Around Town: Practical Guide for Residents

By Bruce McFarland, Timber-Hill River Community Bee Rescue & Education

Medicine Lodge has seen an increase in bees gathering around storefronts, fuel stations, and public trash areas. The behavior may look unusual, but it is not, nor is it aggressive, and they do not indicate a hive settling in. It is just normal foraging triggered by sugar sources in public spaces.

Bees follow scent trails. When drink residue builds up, when a spill is not rinsed, or when a trash lid stays open, it creates an accidental feeder. The bees that appear are focused on collecting that sugar, not on interacting with people.

Local businesses have been working with Timber-Hill River (THR) to reduce these attractants and keep public areas calmer. Simple steps – such as rinsing spills with plain water and keeping trash lids secured – make a noticeable difference. These small changes help prevent clusters from forming and reduce the chance of unnecessary spraying.

For residents, the safest approach is calm awareness. Bees at these sites are not defending a hive; they are simply gathering food. Swatting or spraying will increase risk and often will make the situation worse. If a cluster persists or grows, THR can assess the area, the situation and relocate bees when needed.

Bees play a vital role in the local ecosystem, and community education helps protect both the public and the pollinators. Understanding why bees appear in certain places and how simple cleanup habits reduce those visits while keeping Medicine Lodge safer and better informed.

THR will continue working with local businesses and community members throughout the season to manage attractants and respond to bee activity. This cooperation supports public safety while protecting the pollinators that keep our region healthy.

LETTER TO THE EDITOR

I wanted to send a letter about Project Helium. I know we are all tired of hearing about it. I know I am, but this is not going away.

If it comes to fruition it is just beginning. A few of us from Barber County decided to go to Claude, Texas. We went the week-end before the commissioner’s meeting where they voted to approve the data center moving forward. We went to Amarillo to stay on our visit to Claude. Amarillo isn’t far from Claude so it absorbs a lot of the data center workers.

We don’t have any place near to absorb this many employees. The few RV parks that are in the county will not be able to absorb this many workers. We went to the front gate of the data center and asked the guard how many workers are employed there. She told us 8,000. Let that soak in – 8,000 – we as a county are a little more than 4,000 residents.

The data center at is nine miles from the small

community of Claude. It is not near as of a small community, not like Sharon. We went right at the end of a shift change and there was continual traffic for the nine miles. Someone hit a cone on the opposite side of the road and thankfully there was a shoulder that helped to keep us from rolling the car.

While talking to the residents that live on farms around the site, they say there are two to three accidents daily. They told us one day the police had a stop to check licenses and there were over 70 cars that had to be abandoned because of no insurance and no licenses.

After the commissioners meeting on Sept. 28, a few of the citizens asked a couple of commissioners questions after the meeting was adjourned. Mr. Mills spoke with citizens and the questions from the previous meeting were still being asked. Micha Werner asked if they could be answered. It was stated that they were mostly addressed in the

development agreement. She explained that no they were not addressed. We were told they will try to get the answers from Google. Both commissioners made the argument about personal land rights and not taking away rights of the landowners. Jeff Woods stated that land rights are fine until you interfere with other people’s rights and safety on their property.

We asked if there were to be any man camps? Mr. Quick stated they are planning on one and his number was approximately 3,000 would be housed there and the others would come from Wichita and from other areas.

It was stated that the only meeting that had been between Google and the commissioners was the same meetings the public could attend. Mr. Quick continued to state that if they did not jump on the decision to sign quickly with the corporate company it might go away and the county would not receive any benefits.

We asked about the

committee that was formed at the beginning with Mr.Quick, Hannah Moltz, the mayor of Sharon and this is where we ended up. It is concerning that the thought was that the questions asked were addressed in the agreement. Was the agreement even read before it was signed? Just a question.

My concern is for the sheriff’s department. At the budget hearing, Sheriff Garza was brought in and drilled to try to get by with less than what he was asking. He said he would try but didn’t know how he can. I was thinking he was asked to cut his budget by \$500,000.

My heart breaks for the city of Sharon. Just going for groceries is going to be a nightmare! Getting to work, school and Dr. Appointments will be a major issue with the traffic.

Concerned citizen of Barber County,
Gina Woods

Oh the Sweet Smell of BBQ – But How Does it Taste?

By Jason Jump, Publisher, M³ Publishing, LLC

Hello everyone and welcome to the wild and wacky world as I see it.

Since June, I don’t get to do much for “fun” these days after our family-owned publishing company expanded. Outside of one week – maybe two – I have been working seven days a week since June.

So last Thursday, I decided to take a little time to at least write about something that I used to consider “fun.”

I started an online-only publication in Texas back in 2003 when I got out of coaching. This was a niche, newspaper-style website that focused on covering private and parochial school sports teams, which, at the time, did not get as much focus from traditional print media as their public-school counterparts.

Most people understand football is a “big” deal in Texas, but what you may not realize is other sports were gaining at the turn of the century as travel ball continued to grow in popularity.

It was a fantastic run that spanned nearly 10 years before we moved to Kansas for a return back to traditional print journalism – I was a sports editor and managing editor at a few different publications before getting into coaching. We did a lot of cool things back in the day before it was really cool or picked up by other, bigger companies.

We went from covering the greater Houston area to eventually covering the entire state of Texas, plus two schools in Oklahoma that played in a Texas-based conference. I got to cover some amazing athletes – ones that would eventually excel in college and some that even made it to the professional ranks.

I got to interview former professional athletes turned coaches. I covered former Houston Astros Hall of Famer Craig Biggio’s baseball team when he

coached his sons at a Houston-based Catholic school. I stood next to Roger Clemens on the sideline of a private school football game being played at Rice University one night. I covered infamous basketball coach Dave Bliss’ hoops team in central Texas. I got to talk to PGA Hall of Famer Lee Trevino for a couple of holes, while I took pictures of his son and others playing in a golf tournament.

One of the cool moments, for me personally, was reconnecting with someone from my past while in Texas. Darrel Johnson was the head men’s basketball coach at Oklahoma City University when I was a freshman sports editor for The Campus. The Chiefs went undefeated that season and won the NAIA national championship for the second straight year. An experience I’m likely never to forget.

Johnson went on to coach at Baylor University before running into some issues there. Several years after his title run at OCU and his departure from Baylor, he returned to coaching at a small parochial school in a Houston suburb where his son, who was very young during his dad’s OCU days, was now a star high school player. I got to cover his team for several years.

The stories could just go on and on and on. It was a great time.

But one of the things that I enjoyed the most was traveling across the state of Texas and getting to support local mom-and-pop restaurants while covering games and tournaments. My publication started during a time when message boards were the popular way to communicate online as My Space and Facebook were infants and no one had heard of Twitter (X) or Instagram yet.

One of the areas on my message board was food reviews. The majority

of the time I would review BBQ joints. I mean come on, it’s Texas. What else are you going to do?

As you can imagine, in nearly 10 years of traveling the state of Texas, I got to eat some really, really good BBQ. There were some OK spots, but rarely any stinkers.

Last Thursday, after delivering papers on my route, which takes me through south central Kansas into north central Oklahoma, I ventured to Tonkawa, Okla., for the first time ever. I like to find the local newspaper when I’m in a new spot and stop in and buy a paper. I like to give some love to my fellow publishers.

Long story longer, I ventured over to Ponca City for more business-related matters, but I stopped in at a local mom-and-pop BBQ restaurant to grab some lunch, hoping I could pass enough time to meet with someone I wanted to talk shop with while I was in town.

That gets me to the whole point of this story – I think one of the most disappointing culinary experiences is walking up to or walking into a BBQ joint that smells like its going to be some great eating only to get food that has no smoke flavor and needs to be smothered in the BBQ sauce sitting on the table just so it tastes like something other than roast beef from a crock pot.

I can say I didn’t experience that much in Texas. That has happened in Kansas far more times than I care to count. Oklahoma is very hit and miss when it comes to BBQ.

And what’s even more disappointing nowadays is when you have to pay the going rates for BBQ and end up with that experience.

Now, to steal a good line from a bad movie, that’s all I’ve got to say about that.

Indians Shut Out Syracuse in Homecoming Victory

BY BOB MORRIS
Managing Editor

The Medicine Lodge football team, after starting the season 0-3, racked up its third straight win of the season, beating Syracuse 35-0 for homecoming Friday night in District 8 action.

The win marked the first time the Indians have shut out an opponent this season. Head coach Robert Smith credited defensive coordinator Shane Hahn for the scheme he put together.

“He’s come up pretty good for us the last two weeks,” Smith said. “So it came together pretty well for us.”

The Indians held the Bulldogs to 109 yards of total offense and forced a turnover.

On offense, the scoring came in bunches throughout the game, with 14 points in the first, seven in the second and 14 in the third. Smith said the Indians were a bit sluggish, but added, “Honestly, you could tell it was homecoming week.”

Though the Indians started slow and weren’t as sharp as they needed to be, the head coach said, there were plenty of distractions this week with homecoming. But he praised the players for fighting through that.

“They know it wasn’t our best performance,” Smith said. “We weren’t real sharp but we’ll take it. We came away with a win on homecoming week.”

Mason Ricke rushed for 140 yards on 10 carries with two touchdowns. Mavrik Inslee threw for 128 yards, completing 10 of 22 passes. He had two touchdown passes, one to Preston Cunningham and another to Slayton Stone. Stone had four catches and 70 yards.

On defense, Tell Thomas

Medicine Lodge players Tell Thomas (50) and Mason Ricke stop Syracuse running back Angel Ramirez for a loss during last Friday's homecoming football game. The Indians got their first shutout of the season, beating the Bulldogs 35-0 in the District 8 opener for both teams. Medicine Lodge, which lost its first three games of the season, is now on a three-game win streak.

had 15 tackles, Ricke had 11 and Stone had nine. Maddox Musgrove had a defensive fumble recovery.

The Indians (3-3) picked up an important win Friday, as it took them one step closer to hosting a playoff game. Smith said it was vital to get the win, but the Indians will need one more District 8 win to ensure the seniors close out their football careers with at least one home playoff game.

The head coach said he thinks things are coming together at the right time for the Indians.

“We’re figuring each other

out,” Smith said. “It wasn’t just them getting to know my system. It was me getting to know their strengths and stuff. So, they’ve come a long way.”

He added that this season is more about just winning now, but building for the years to come.

“There are bigger goals than just what we do this year. We’re trying to establish kind of a championship mentality and a championship culture,” Smith said. “And after we started out 0-3, they came in and we had them put all their goals on a whiteboard in the

coach’s room.

“And I told them, make sure that’s your goals because I’m going to hold you accountable to do what it takes to try to accomplish those goals So they’ve come a long way. They’ve got goals and they’ve come a long way working towards accomplishing those goals.”

Medicine Lodge will now head to Ellinwood for a district matchup. The Ellinwood Eagles are 0-5 for the season but have challenged multiple teams. They lost to Smoky Valley by 10 and to Lyons by nine. Ellinwood lost to Sterling

62-0 this past Friday.

Smith said that the Eagles will likely throw more than what the Indians have seen from teams in the past couple of weeks. He said the Indians may have to change things up on defense a bit, but they will have to be more aware of the passing game.

“We’ve just got to take care of business,” Smith said. “We can beat them, but we can’t take any weeks off. We’ve got to go out and get better each week and just, we got to do our jobs and I feel like we can walk out of there with a win.”

Together we'll create a plan to protect what matters most to you.

Golf: Miltner Attends Regional

Medicine Lodge girl's golfer Darcie Miltner, pictured teeing off at Hole No. 16, competed at the Class 1-3A Sub State golf tournament Monday at Cherry Oaks Golf Course in Cheney. Miltner shot 121 and tied for 30th overall. There were 63 golfers who competed at the Regional tourney.

Chieftains Beat Satanta, Set to Host Ingalls

STAFF REPORT

The South Barber football team won its fifth straight game, beating Satanta 66-20 on the road Friday night. The Chieftains took a 34-8 lead in the first quarter. Satanta forced the game to go into the third quarter, trailing 60-20 at that point, but South Barber scored again in the third quarter to end the game there.

Austin Swonger threw for 331 yards, completing 13 of

19 passes with nine touchdowns. He also rushed for 93 yards on seven carries.

Garen Cantrell caught six passes for 165 yards and four touchdowns and Steele Smith caught six passes for 142 yards and five touchdowns. Tyler Archuleta added a rushing touchdown.

On defense, Swonger led in tackles with 11 and Cantrell and Archuleta each had six. Smith had an interception and Archuleta

had a quarterback sack and a defensive fumble recovery.

South Barber (5-1) will now prepare for a major District 3 showdown against Ingalls at home this Friday. Ingalls is undefeated, 6-0, for the season.

The Bulldogs are coming off a 70-14 win over Bucklin last Friday. The Bulldogs have averaged 138.2 rushing yards per game and 116.8 passing yards per game. South Barber, meanwhile,

has averaged 75.3 rushing yards per game and 136.4 passing yards per game.

Keegan Northern and Logan Simon are two key players for Ingalls.

The winner of this game will have the inside track on claiming the District 3 title. South Barber will have one more district game next week against Bucklin while Ingalls will have a district game next week against Moscow.

Medicine Lodge Cross Country Runners Post Best Times at Cheney Meet

STEPHANIE JUMP / The Premiere

Medicine Lodge boy's cross country runners Jaxon Baird, left, and Kendall Hall placed in the top 10 at the Cheney Invitational last Thursday at Cheney Lake State Park. Baird was fourth with a time of 18:25.87 and Hall was eighth with a time of 18:43.03.

BY BOB MORRIS

Managing Editor

The Medicine Lodge cross country team had a good showing at the Cheney Invitational last Thursday at Cheney Lake State Park.

In the boy's varsity race, Jaxon Baird was fourth with a time of 18:25.87, Kendall Hall was eighth with a time of 18:43.03, Miguel Hernandez was 13th with a time of 18:53.11, Dakota Hull was 32nd with a time of 20:03.10 and Carson Woods was 48th with a time of 22:34.53.

For the varsity girls, Madisyn Day was 22nd with a time of 24:13.23.

In the boy's 8th-grade two-mile race, Conner Moody was fourth with a time of 13:10.70 and Asher Brittain was seventh with a

time of 14:17.

Head coach Kami Hahn said that the runners were "phenomenal" after missing two weeks when meets were canceled because of rain and course conditions.

"We got a lot of season bests and personal bests at that Cheney meet," Hahn said. "I'm very proud of how hard these kids have worked."

"We have a great chance at scoring well in the league meet. It should be a wet, muddy run but I think the kids will do well and enjoy it."

The runners also competed at the Halstead meet last Monday, Oct. 5, but results were not available.

The Indians will attend the Central Plains League meet this Thursday at Wichita Trinity Academy.

South Barber's MacKinney Takes Second at Cheney, HOPL Cross Country Meets

STAFF REPORT

South Barber's Joshua MacKinney took second in the boy's varsity race at the Cheney Invitational cross country meet last Thursday at Cheney Lake State Park.

Reports come from Sharon that there was a big day there Saturday on account of the dedication of the new Catholic church. Priests and Bishops galore were on hand and the crowd was tremendous. Ball games and dinners were on the amusement program with other side issues and the populace was merry. Candidates were swarming around to lend interest to the occasion and gave freely of their respective mites to help push things along and altogether it was a lively day.

Geo. W. Frisby and Ira P. Smith returned from their prospecting trip through Oregon, Washington and the northwest. They failed to find anything to suit them as well as Barber County soil and climate and are now contented to remain in Barber for all time. We suspected when they left in the spring that they would soon be making back tracks and we are glad that our suspicions were fulfilled. We extend the glad hand to both of them.

Not What He Was Used To. Ever since John D. Rockefeller became an honorary member of the American Press Humorists' association stories more or less apocryphal have been afloat regarding him. It is beginning to be suspected that some of them have been invented by his fellow humorists. One of the latest refers to an occasion last summer when he entertained a lot of slum children at his stock farm near Cleveland. Mr. Rockefeller gave each of them, among other things, some milk to drink, part of it at least being the product of a \$2,000 prize cow. "How do you like it?" he asked when they had finished. "Gee, it's fine!" responded one little fellow, who added after a thoughtful pause: "I wish our milkman kept a cow!"

A. Moses and Uncle Billie Brown were over from Sharon township last Friday closing up a big land deal. The former recently disposed of his 240-acre farm and bought Uncle Billie's fine ranch consisting of

290 acres. In the deal Uncle Billie's daughter, Mrs. Lichlyter, becomes the owner of 80 acres of the Moses' farm. Uncle Billie expects to leave in the course of a few weeks to spend the winter in Georgia, but says he will return again in the spring. He will never go back on Kansas and Barber County.

At the residence of the Rev. Geo. Robinson on Saturday evening, October 14th, Grover G. Ritchie and Clara V. Rogers were united in marriage. The groom is a very much respected young farmer who has lived in the Sharon Valley for over ten years and is a son of Mrs. Ritchie who lives in Sharon. The bride is a daughter of Mr. and Mrs. Rogers of Enon and has grown up to womanhood in the valley, and received her education in our town high school. She is beloved by a large circle of schoolmates and friends whose best wishes go with her and her husband through life's eventful journey.

The football team suffered a terrible defeat at Pratt Thursday. The score was 54 to 0. Our team was simply out-classed. The Pratt team averaged 163 pounds. Though badly defeated the team was treated fair and square and the game was clean from start to finish.

With huge throngs from all sections of the Southwest here for each presentation of the Indian Peace Treaty Pageant Wednesday, Thursday and Friday, Medicine Lodge entertained the biggest crowds in its history, to break all previous attendance records for the celebration. Over 4,000 school children and students alone made reservations for the opening day and many adult admissions made it the biggest Wednesday crowd in the 1-year history. Overcast skies failed to clear until afternoon which probably cut down the out of town attendance. However, after

the clouds disappeared, ideal weather conditions prevailed and continued throughout the three days of pageantry. Large crowds also gathered at the Indian village in the city park each night where the redskins in their tribal costumes entertained with ceremonial dances.

Fresh from a week's rest due to Peace Treaty activities, the Medicine Lodge Indians are pointing this week for their first Southern Kansas League game on the home gridiron Friday night when they tangle with the Anthony Pirates. Medicine Lodge is undefeated this season while Anthony took a surprise beating in their only league contest at the hands of Kiowa.

Mr. and Mrs. George Hibbard took Blanche Kinkaid, Esther Revert, Luella Nurse and Mary Jean Hibbard to Hays Sunday after a visit here with their parents during the Peace Treaty celebration.

A Boy Scout should be self reliant. That's one of the basic rules of scouting, and Robert Plemons, 13, son of Mr. and Mrs. Ford Plemons is getting some practical experience at it. Not that the seventh grader didn't have what it takes in the first place. He's been selected on a basis of his outstanding interest in Boy Scout work and in the accomplishments in scouting as the Troop 127 delegate to the fourth national Jamboree of the scouts. It will be held from July 12 to 18 next year in a shrine of American history, Valley Forge, Pa. The self reliant part comes in Robert's efforts to earn all his expense money between now and the time of the big event. He's interested in tackling any odd jobs to reach his goal of \$225. The trip is something to work for. The camp is on the same grounds where General Washington and his brave soldiers of the Revolutionary war camped during 1777-78. There are hundreds of extra thrills, too, including sight-seeing tours to Detroit, Chicago,

Niagara Falls and New York City.

Residents of the Medicine Lodge area gave 113 pints of blood to the Red Cross Bloodmobile Tuesday, slightly short of the quota of 125 pints, according to W. Luke Chapin, chairman of the program in Barber County.

One of the season's most crucial games, which will do much to tell whether the Indians have a chance to nab the first place bunting at the end of the SKL gridiron season, comes up Friday night when the Medicine Lodge team goes against Kingman. Neither team has a decided edge, Coach Jack Williams believes.

Mrs. John Graves of Hardtner received word last week that her mother, Mrs. Blanch Basquin, had died Sept. 28, and was buried Oct. 1, at her home town there in France.

25 Years as a Chevrolet Dealer - A. G. "Tony" Bertoglio, owner of Lodge Chevrolet Co., was one of the guests of honor at a recent General Motors area meeting in Wichita. In recognition of his long service as a dealer, Bertoglio was presented a 25-year plaque by Paul Miggee, Wichita zone manager of Chevrolet.

Another of the county's diminishing one-room schools will go on the auction block on Nov. 3, as College Hill School and the one-acre of land on which the building is located will be sold to the highest bidder. For the past five years, the enrollments have been too low to permit the school to receive accreditation, and the decision to close the school was finally reached this fall, with students who would be attending the College Hill School being transferred to schools in Sharon and Medicine Lodge.

More than 200 persons were on hand Tuesday night as Medicine Lodge Student Council President Dale Eggleston crowned Senior Jan Zimmerman 1966 Homecoming Queen in colorful ceremonies in the schools' auditorium.

The daughter of Mr. and Mrs. Delbert Zimmerman, the new queen was attired in a white silk formal. She was escorted during the evening's program by Stan Percival. The other four contestants, Glenda Frisbie, Janis Kinsey, Vicki Parr and Becky Williams, served as Miss Zimmerman's court.

The Medicine Lodge Indian football team secured

a winning season Friday night with a 48-0 win over the Douglass High Bulldogs. The Indians had their best offensive night against the bulldogs scoring seven touchdowns and rushing 361 yards. The offense was again paced by Boomer Keahey who threw three touchdown passes to Trevor Hinz and rushed for one. Boomer's stats were nine completions out of 14 tries for 172 yards, and four rushes for six yards.

The Medicine Lodge cross country team participated in the meet at Pratt on October 9, and everyone had an improved time at the meet. Bryan Rucker broke the sophomore cross country record with a time of 11:11 to place first in the junior varsity race and to bring home a medal. Melanie Bell also ran her best time of the year at 14:36, placing 10th in the varsity race and winning a medal. Lonnie Paramore was 11th with a time of 12:21, and Vaughn DeGeer placed 14th with a time of 14:52.

Pecos Bill Rides Again: The Medicine Lodge Middle School Sixth Grade Class presented their annual all-class play. This year the class presented their rendition of "Pecos Bill." Pictured is Todd Walters portraying Pecos Bill.

Two escapees from a prison work center near the Texas-Oklahoma state borders were apprehended in Medicine Lodge by local law enforcement officers from the Medicine Lodge Police Department and the Barber County Sheriff's Office. "The dispatcher received an anonymous call Wednesday morning around 8:00 a.m. that there were two escapees at the Copa Motel," said Barber County Sheriff Tom Tomson. "We knocked on their hotel door and made the arrest - they offered no resistance." Arrested were Sam Freeman and Dennis Miller. Both walked away from the Walter Prison Work Center in Walter, Oklahoma. Neither were considered armed or dangerous.

1. Statement of Purpose

South Barber USD is soliciting sealed, competitive proposals from qualified vehicle dealerships to supply two (2) new, unused 2027 Chevrolet Suburban vehicles in strict compliance with the detailed specifications provided below.

2. Technical Specifications & Requirements: Proposals must meet or exceed all specifications:

Quantity: 2 Vehicles

Model Year: 2027

Make & Model: Chevrolet Suburban, Model CK10906 (Suburban 4WD)

Trim Level: Cloth Interior Options Package

Exterior Color: White (Summit White / GAZ)

Interior Trim: Gideon / Dark Atmosphere Interior Trim

Engine: 5.3L EcoTec3 V8 Gas Engine

Transmission: 10-Speed Automatic Transmission

Drivetrain: 4-Wheel Drive (4WD)

Delivery Destination: Kiowa, Kansas 67070

3. Submission Requirements: Interested vendors must submit a proposal with the following items:

1. Pricing Proposal: Total unit price and aggregate total price for both vehicles (inclusive of all applicable dealer prep, title, documentation fees, and freight delivery within Kansas).

2. Delivery Schedule: Estimated lead time and delivery timeline upon contract award.

3. Vehicle Build Sheets: Manufacturer order confirmation sheets validating exact factory code alignment (CK10906, 5.3L engine, 10-speed transmission, color, and trim).

4. Warranty Information: Standard manufacturer warranty documentation (minimum 3-Year / 36,000-Mile Bumper-to-Bumper and 5-Year / 60,000-Mile Powertrain).

4. Proposal Evaluation & Selection Criteria: Proposals will be evaluated based on the following criteria:

Specification Compliance: Adherence to vehicle specifications and options requested.

Cost: Lowest responsive and responsible bid per unit and overall.

Delivery Timeline: Ability to meet a reasonable delivery window

5. Submission Instructions & Contact

All proposals must be submitted electronically or in a sealed envelope prior to the deadline:

Public Notice

Gold Bond Building Products, LLC Application to Expand an Industrial Landfill

The Kansas Department of Health and Environment (KDHE) has received an application to expand the Sun City industrial landfill. The proposed permit modification will increase that landfill's permitted disposal area from 15.01 acres to 33.75 acres. The expansion's effect will be to increase the site's disposal capacity from about 775,408 cubic yards to about 1,290,606 cubic yards. The proposed landfill expansion would be constructed and operated in conformance with state solid waste regulations and accept only industrial waste as defined by Kansas Statutes and generated by Gold Bond Building Products, LLC. The proposed landfill expansion site is located at 20672 NW White Sands, Sun City, KS, 67143.

The Barber County Commissioners have certified that the landfill is consistent with the county's solid waste management plan and local land use restrictions or zoning. KDHE has reviewed the application and found it to be in conformance with the state solid waste statutes and regulations.

La noticia anterior se refiere a la solicitud de permiso para Gold Bond Building Products, LLCs., en la 20672 NW White Sand, Sun City, KS, 67143. Si desea obtener más información en español o tiene otras preguntas, por favor, comuníquese con el Coordinador de No Discriminación de KDHE al 785-296-5156 o en: KDHE. NonDiscrimination@ks.gov

KDHE is today providing public notice of the intent to approve the proposed landfill expansion. However, a final decision to approve the expansion has not been made, and KDHE will consider information gathered during the public comment period before making a final decision. A copy of the administrative record which includes the permit application, engineering drawings, draft permit, and other information with respect to this permit action will be available for public review from October 15, 2026 through November 1, 2026 during normal business hours at the following locations:

Kansas Department of Health and Environment Bureau of Waste Management
1000 SW Jackson, Suite 320
Topeka, Kansas 66612 Contact: Dean Williams 785-296-7033

Barber County Clerk Office 120 East Washington Ave Medicine Lodge, Kansas 67104

Contact: Amy Sill, County Clerk

Additionally, the permit application form with primary application information is available for public viewing via the Internet at <http://www.kdheks.gov/waste>. Anyone wishing to comment on the landfill's permit modification should submit written statements postmarked no later than November 1, 2026 to Dean Williams at 1000 SW Jackson, Suite 320 Topeka KS 66612, by fax at (785) 559-4253, or by e-mail to Dean.Williams@ks.gov. Mailed comments postmarked prior to November 1, 2026 and received within one week thereafter will also be considered.

After consideration of all written comments received during the public notice period, KDHE will make a final decision on whether to issue the permit. Notice of the decision will be given to the applicant, anyone who submitted written comments during the comment period, and those who requested notice of the final permit decision.

season and has high expectations for her as the season continues.

“I expect her to do what she does on the court for us and that is to hustle, to work hard and to give our hitters the best chance to put the ball away for us. She will definitely be a leader going into regional for us, I know she’s one that the girls look to on the court just for motivation and confidence that she gives to the team,” Inslee said.

Gerdes has received several offers from colleges to continue playing volleyball for them but she has ultimately decided to turn them down as she feels her athletic career is best left in high school and she has bigger goals she wants to work towards.

“I have gotten lots of questions about that (playing volleyball after high school) and I think it’s just a high school thing for me and I am ready to start my future. I will definitely appreciate my years of playing volleyball. I plan to go to Fort Hays State University and I hope

to get into their ultrasound program in the summer of 2028,” Gerdes said.

Inslee has high hopes for Gerdes and her future and is excited to see her finish her senior year and watch her continue to grow and learn as the year progresses and finishes but she also looks on this year with some sadness knowing Gerdes will be leaving soon.

“I am excited for her senior year. She’s a great basketball player and softball player and she’s gotten all the honors in all of those sports over the last few years so she’s going to continue to make an impact for the rest of the year,” Inslee said, “It’s definitely sad, I mean we have a player who has poured her heart and soul out on the floor for the last four years and it’s definitely sad to see her go, she’s going to be tremendously hard to replace if not impossible. The example she’s set for our younger setters is definitely priceless.”

Gerdes has some advice for her teammates coming up behind her as well as those contemplating playing volleyball.

“I’m sure they’ve heard

this a hundred times, I know that I heard this and I probably didn’t listen, don’t take it for granted and don’t wish it away. It goes by a lot faster than you think,” Gerdes said, “I’d say go for it. Take that risk, you never know what could happen and you never know how successful you could be and being successful with your team is just the best feeling ever.”

Gerdes is excited to see what the future has in store for her as she finishes her senior year here at Medicine Lodge but it is bittersweet for her as she loves the school and the town and will miss being here each day.

“(The thing I will miss the most) probably the atmosphere, just the environment. Kids that go to other schools just don’t understand. We are so lucky to go here, it is so fun and I don’t dread going to school. It’s like a party every day. I love seeing my friends and there is so much spirit there, it’s just awesome,” Gerdes said.

The volleyball season isn’t over yet. Be sure to check out the game schedule to keep up with the dates and go cheer on your Medicine Lodge volleyball team.
